## **Important**

- **Household employers who file federal Schedule H on an annual basis or employers who withhold less than \$1,000 per year may elect to pay Utah withholding annually. For more information on annual filing, see pages 1 and 4.**
- **Employers who are required to file W-2s electronically with the IRS must also file W-2s electronically with Utah. For more information, see *Magnetic and Electronic Media* on page 4.**
- **Withholding schedules and tables have been adjusted, effective Jan. 1, 2007. Utah tax brackets will be indexed for years beginning on or after Jan. 1, 2009.**
- **The interest rate on unpaid balances is subject to change on January 1 of each calendar year. Current and past year rates are available in Pub 58 and at [tax.utah.gov/billing/penaltyinterest.html](http://tax.utah.gov/billing/penaltyinterest.html).**

## General Information

The information in this publication will help you determine if you need a Utah State withholding license/account number and the type of withholding return you should use. This publication also contains information about annual reconciliation and electronic filing requirements, schedules to help you calculate amounts to withhold from employees' wages, and detailed withholding tables. If you have additional questions, call the Tax Commission at (801) 297-2200, or 1-800-662-4335 outside the Salt Lake area.

**This information does not cover federal withholding requirements.** You will need to contact the IRS for federal withholding information (see *Agencies* on page 5 of this publication).

## Employment Tax Workshops

The Utah State Tax Commission participates in regularly scheduled Employment Tax Workshops conducted by the IRS. The workshops offer an in-depth review of employers' responsibilities for withholding both federal and state income taxes as well as other business information. For contact information, see *Agencies* on page 5 of this publication.

## Who Must Withhold Taxes?

An employer must withhold Utah income tax if the employer:

- 1) Does business in Utah, or obtains any income from Utah sources; and
- 2) Pays wages to individuals who perform services for that employer, within or outside the state of Utah, on an employer/employee basis.

## Wages

The State of Utah uses "wages" as defined in the Internal Revenue Code. In short, wages means, "all remuneration (other than fees paid to a public official) for services performed by an employee for his employer, including the cash value of all remuneration (including benefits) paid in any medium other than cash..." For the full definition of wages, refer to IRC Section 3401 and Utah Codes Sections 59-10-401, 404 and 405.

## Withholding Exemption

Any employer who does business in Utah for 60 days or less during a calendar year may be exempt from withholding requirements. To be exempt, the employer must receive advance approval from the Tax Commission. Thereafter, if the employer does business exceeding 60 days, the employer is liable for all taxes due during the period of exemption. However, if "good cause" can be shown for exceeding the 60 days, the Tax Commission may extend the exemption for 30 days. See Utah Tax Code §59-10-402(2).

## Household Employees

Household employees are those who provide domestic services in private homes, college clubs, fraternities, and sororities. Utah income tax may be withheld from wages paid to household employees if both the employer and the employee agree.

If an employer reports federal withholding taxes, and any social security and Medicare taxes for household employees on a Schedule H (Form 1040), the employer may elect to pay Utah withholding taxes for these same employees on an annual basis. The election is made by completing and submitting to the Tax Commission the *Election to File Withholding Returns and Payments Annually* form found on page 27 of this publication.

All employers (not just those with household employees) whose total Utah withholding tax for the year is less than \$1,000 may also use this form. See Utah Rule R865-9I-17.

## How Do I Get a Withholding Account?

Every employer required to withhold Utah taxes must first obtain a withholding tax license/account number. The number may be obtained by:

1. Going online to [tax.utah.gov](http://tax.utah.gov), clicking on *Online Tax Services* and then the *OneStop Online Business Registration* link to access the application for both the withholding license/account number and other state and local agency registrations, or
2. Completing form TC-69, *Utah State Business and Tax Registration*, and submitting it to the Tax Commission. The form can be downloaded at [tax.utah.gov/forms](http://tax.utah.gov/forms).

## Federal Employer Identification Number

Employers are required to obtain a federal employer identification number (EIN) from the Internal Revenue Service (IRS) before registering in Utah. Only an authorized individual such as the following can apply:

- Individual owners
- Corporations or non-profit organizations (presidents, vice presidents, or other principals)
- Partnerships (authorized member or officer)
- Trust or estate (fiduciary or authorized agent)
- Limited liability companies
- Limited liability partnerships

Contact the Internal Revenue Service for more detailed information about how to receive an employer identification number. The telephone number is 1-800-829-1040. Or you can request an EIN through the IRS's *Online EIN Application* at [www.irs.gov](http://www.irs.gov).

# General Information

## Bonds

The Tax Commission may require an employer to post a bond of at least \$25,000 but not more than \$500,000, in cases where there is a history of filing or paying late. See Utah Tax Code §59-10-405.5(6).

## How Much Should I Withhold?

Employers should withhold amounts based on the employee's federal W-4 form and the Utah income tax withholding schedules or tables contained in this publication. See Utah Rules R865-91-14 and 15.

## How Do I File and Pay?

An employer is required to file a return and pay all amounts withheld to the Utah State Tax Commission on or before the due date (see due dates on pages 3 and 4). A coupon identifying the Utah withholding license/account number, filing period and payment amount must accompany all payments.

## Alternate Filing Method

Employers may use Electronic Funds Transfer (EFT) to file monthly or quarterly returns and make payments. ACH Credit information and an application

form are contained in Tax Commission Publication 43, *Withholding Tax Electronic Funds Transfer ACH Credit Method*.

## Third-Party Filing

Employers may file withholding through third-party filers. The third-party filer handles all withholding record keeping, payments and reconciliations for the client employer. **However, the employer is held responsible for the third-party's failure to make payments.**

## Requirement to File, Even With No Tax Liability

An employer is **required to file a withholding coupon even if there is no tax liability.** Failure to do so may result in an estimated tax assessment.

## Liability

The employer is liable to the Tax Commission for the tax required to be withheld. The employee is not liable for any payment required to be withheld. If any portion of the withheld taxes is not paid, the Tax Commission may obtain a lien upon all employer assets and property used by the employer in the conduct of his business, including stock-in-trade, business fixtures and equipment, to secure payment.

## Coupon Booklets

Within approximately 30 days after opening a new withholding account, the employer will receive a withholding coupon payment booklet. Employers with existing withholding accounts will receive a new withholding coupon booklet after the first of each year. The coupon booklets, which are imprinted with account information, contain all withholding forms that must be filed during the year. **If you do not receive your withholding coupon booklet, contact the Tax Commission.**

## Filing Coupons

Depending on the filing frequency, the coupon booklet will contain the following filing coupons:

- Annual – One annual filing coupon (form TC-96Y)
- Quarterly – 4 quarterly filing coupons (form TC-96Q)
- Monthly – 12 monthly filing coupons (form TC-96M)

These coupons are the employers' withholding returns. They must be filed with any withholding payment.

If there is no withholding liability for the period, the coupon must still be filed showing zero liability.

## Amended Coupon

The coupon booklet contains an amended coupon (form TC-96A), which is used to amend a previously filed return. This coupon replaces a previously filed coupon; therefore, the amount of withholding reported on the coupon is the entire corrected amount of withholding. If additional taxes are owed, include interest with the amount owed for the calendar year from the original filing period due date to the date of payment. Interest rates can be found in Publication 58, *Utah Interest and Penalties*, available at [tax.utah.gov/forms](http://tax.utah.gov/forms).

## Annual Reconciliation Coupon

Employers must file a form TC-96R, *Annual Withholding Reconciliation*, along with all forms W-2, 1099, etc. for the calendar year. The W-2 forms and reconciliation must be filed online if the number of W-2 forms total 250 or more. The forms 1099 and reconciliation must be filed by magnetic media if the number total 250 or more. If the total W-2 or

1099 forms are less than 250, you may file online (W-2 forms only), by magnetic media (1099 forms only) or with paper documents.

For more information on filing online or by magnetic media, see Publication 32, *Annual Reporting of Forms W-2, W-2c, 1099-R and TC-675R*, available at [tax.utah.gov/forms](http://tax.utah.gov/forms).

When completing form TC-96R, *Annual Withholding Reconciliation*, you must show the total number of W-2 or 1099 forms, total Utah wages or payments reported on the forms, total Utah withholding tax on the forms, and total amount of Utah withholding tax paid to the Tax Commission by the payer for the year.

The reconciliation and forms, whether filed online or by magnetic media, are due by March 31; if filed on paper, they are due by February 28.

The total Utah withholding shown on the forms you submit must equal the total Utah withholding tax paid for the year. If it does not, you must submit an amended return, TC-96A, and pay any additional tax due or claim a refund of overpaid tax. If you have already filed your TC-96R, *Annual Withholding Reconciliation*, you may also need to file form TC-96RC, *Annual Withholding Corrected Reconciliation*.

**NOTE:** Forms 1099 need be submitted only if they show Utah withholding tax. If there is no Utah withholding on the 1099 form, the form should not be reported to the Tax Commission.

## Notice of Change Coupon

The coupon booklet contains an *Employer's Notice of Change* coupon (TC-96C), used to close your account, report changes to your business or mailing address, change your business name, or notify the Tax Commission if you cease to pay wages.

## Withholding Filing Record

Employers should keep a record of taxes withheld and paid to the Tax Commission for a minimum of three years from the due date of the income tax return on which the wages are to be reported. The withholding payment coupon booklet provides a place to record amount due, amount paid and check number for each filing period.

## When Are Withholding Taxes Due?

**Returns with due dates on Saturday, Sunday or legal holidays are due on the next business day.**

**NOTE:** Utah does not follow the federal withholding payment periods. Utah **only** requires that payments be made monthly, quarterly or annually. The IRS semiweekly deposit and \$100,000 next day deposit rules do not apply to Utah withholding taxes.

## Annually

Employers who meet certain criteria may elect to file and pay Utah withholding on an annual basis. (See Utah Rule R865-91-17.) The following employers qualify to file annually:

- Household employers who file federal Schedule H on an annual basis; or
- Employers who withhold less than \$1,000 per year.

Annual returns are filed for the calendar year, ending in December. The return (form TC-96Y) and payment are due by January 31 of the following year.

Employers may request annual filing status by completing the *Election to File Withholding Returns and Payments Annually* form on page 27 of this publication. New employers who do not request annual filing will be set up for quarterly filing.

## Quarterly

Employers who do not file annually and who withhold less than an average of \$1,000 each month may file and remit their Utah withholding taxes quarterly. Quarterly returns (form TC-96Q) and payments are due by the last day of the month following the close of the quarterly period.

<u>Quarterly Filing Period</u>	<u>Due Date</u>
January - March	April 30
April - June	July 31
July - September	October 31
October - December	January 31

Quarterly filers may voluntarily change to monthly filing. See *Filing Status Changes* later in this publication.

## Monthly

Employers who withhold an average of \$1,000 or more each month must file and remit their Utah withholding taxes monthly. Monthly returns (form TC-96M) and payments are due by the last day of the month following the close of the monthly period.

<u>Monthly Filing Period</u>	<u>Due Date</u>
January	February 28 (or 29)
February	March 31
March	April 30
April	May 31
May	June 30
June	July 31
July	August 31
August	September 30
September	October 31
October	November 30
November	December 31
December	January 31

## Filing Status Changes

The Tax Commission reviews each withholding account annually to determine if the reporting period needs to be changed to a quarterly or monthly status. Withholding filings for one year are used to determine filing changes. Quarterly filers may voluntarily change to a monthly filing status by submitting a written request to:

Master File Maintenance  
Utah State Tax Commission  
210 N 1950 W  
Salt Lake City, UT 84134-3310

Or the request may be faxed to (801) 297-3573.

## How Do I File W-2 Forms?

Employers must provide a legible withholding statement showing taxes withheld during the year to all employees by January 31 of the following year. Copies of all forms W-2, 1099-R or W-2P must also be filed with the annual reconciliation coupon (form TC-96R).

**Employers who are required to file W-2 forms in an electronic format with the Internal Revenue Service must submit all W-2 forms to the Utah State Tax Commission in an electronic format approved by the Tax Commission.**

## Magnetic and Electronic Media

W-2 forms filed online and 1099-R forms filed by magnetic media must be accompanied by an *Annual Reconciliation Form*, TC-96R.

Find specifications and procedures for filing online or by magnetic media in Pub 32, *Annual Reporting of Forms W-2, W-2c, 1099-R and TC-675R*. Also see the SSA publication, *Magnetic Media Reporting and Electronic Filing (MMREF-1)*, online at [www.socialsecurity.gov/employer](http://www.socialsecurity.gov/employer).

For other information regarding Utah requirements, call (801) 297-7626 or toll-free outside the Salt Lake area 1-800-662-4335, ext. 7626.

## Penalties and Interest

The penalty for **failure to file a tax due return** by the due date is the greater of \$20 or 10 percent of the unpaid tax. In addition, if a tax balance remains unpaid 90 days after the due date, a second penalty, the greater of \$20 or 10 percent of the tax balance, will be added for **failure to pay timely**.

The penalty for **failure to pay tax due**, as reported on a timely filed return or within 30 days of a notice of deficiency, is the greater of \$20 or 10 percent of the tax due. In addition, a penalty of \$50 will be assessed for each annual reconciliation and W-2 not filed, up to a maximum of \$1,000.

The penalty for **failure to complete** a form W-2, 1099-R or annual reconciliation with all required information, including the Utah withholding account number and the federal employer identification number, is \$50 per form, up to a maximum of \$1,000.

The **interest rate** for all taxes and fees administered by the Tax Commission is two percentage points above the federal short-term rate in effect for the preceding fourth calendar quarter. For information on applicable interest rates, see Publication 58, *Utah Interest and Penalties*, at [tax.utah.gov/forms](http://tax.utah.gov/forms).

## How Do I Make Changes to My Account?

Use the *Employer's Notice of Change* form, TC-96C, included in the withholding coupon booklet, to close your account, to report changes to your business or mailing address or your business name, or changes in your business ownership status, or if you cease to pay wages. Form TC-96C is also available on the Tax Commission website at [tax.utah.gov/forms](http://tax.utah.gov/forms).

Address and name changes do not require a new coupon booklet to be issued. Continue using the coupons in the current booklet. The Tax Commission will make the necessary changes to its records and the changes will be indicated on future correspondence.

If the employer's business is sold or if the ownership status is changed (e.g. sole proprietor to partnership), the new owner(s) must apply for a new withholding license/account number. **Withholding licence/account numbers are not transferable.** The new owner(s) cannot use the number or report on the coupons of the previous owner.

## How Do I Close a Withholding Account?

When an employer ceases to do business in Utah, the employer should inform the Tax Commission **in writing** so the license/account may be closed. If the Tax Commission is not informed, the employer will be assessed an estimated tax, including late penalties and interest. Use the *Employer's Notice of Change* form, TC-96C, included in the withholding coupon booklet, to close your account.

# Utah Withholding Schedules

## Instructions

The Utah income tax withholding schedules have been designed to parallel the federal withholding schedules found in *Circular E, Employer's Tax Guide* (IRS Publication 15).

To compute the employee's Utah income tax withholding, follow the instructions below.

1. Find the appropriate schedule, based on the company's payroll period and the employee's marital status, as shown on the federal W-4 form.
2. Multiply the number of withholding allowances claimed on the employee's W-4 form by the Utah withholding allowance for the pay period.
3. Subtract the amount in (2) above from the gross wages of the employee. The resulting amount is Utah "Taxable Wages."
4. Locate the line in the schedule that includes the "Taxable Wages" determined in (3) above. Subtract the figure in the last column labeled "of amount over" from the "Taxable Wages," and multiply the difference by the percentage listed.
5. Add the dollar amount from column labeled "Withholding is" to the amount determined in (4) above. The sum is the amount of Utah tax to be withheld from wages for that pay period.

See examples on page 7 of different combinations of pay period, gross wages, marital status, and withholding allowances.

Questions regarding the withholding schedules should be directed to:

Taxpayer Services
